FOUNDATION FOR A FUTURE presents the second annual Five @ Five, an after-work 5K run/walk in the Gunbarrel area of Boulder. The Five @ Five is a fun, family event with a beautiful course around Twin Lakes, a kids' race, a silent auction, music and other entertainment.

All proceeds will fund research for a cure for Duchenne muscular dystrophy, the most common fatal genetic disorder diagnosed during childhood. Duchenne is a progressive disease that slowly causes complete loss of muscle function and affects 1 in 3,500 boys. There currently is no cure but there is hope with increased funding for research.
